

Electrical Services

UGM Electrical Services - a division of the UGM Group - provides an extensive range of electrical services to the mining, industrial and commercial sectors.

Supported by expertise in diverse industry sectors, UGM ESD pride ourselves on providing safe and reliable electrical maintenance, repairs and installations.

The UGM ESD uses specialist knowledge to provide the following services:

- ▶ **Electrical project management, modifications, coordination, supervision, electrical maintenance and operations**
- ▶ **Conveyors, switchroom, light and power installations and circuit modification**
- ▶ **Portable appliance testing (electronic reporting, label printing and history)**
- ▶ **Projects and tender development**
- ▶ **General electrical defect repairs**
- ▶ **Dragline and shovel shutdown maintenance**
- ▶ **Equipment overhauls – Open cut and underground substations**
- ▶ **Site installations – Electrical & instrumentation**
- ▶ **Labour hire**
